## The Musengwa Miracle Case Study On 9 March 2019

The family here consists of the following:

Musengwa Michael (father)

Musengwa Phias (son born 13/09/2003)

Marcia Margaret (Mother)

### Background

The mother testifies that she gave birth to a normal and healthy baby boy. They named <sup>him</sup> Phias at a Rural Health Centre in Khivi district on 13 September 2003. The child showed normal growth and was able to walk at the age of 2 years but could not make any speech sounds though he could respond to simple instructions by the parents such as "bring me that tin" and so on. They became concerned about the lack of speech but had the hearing ability. From then, 2005, they embarked on seeking spiritual consultation from several spiritual faith healers and churches that practise healing sessions. By 2007 the child started to make baby speech sounds like "papa", "tada" in a very limited manner at the age of 4 years.

He was sent to school from 2009-2015 to do pre-school and grades 1 to 5. He was unable to participate in the learning programmes or gain anything to improve his communication and interaction. He would just sit and do as he wished in class. Teachers failed to engage him and was left to occupy himself while others proceeded with learning programme.

The mother testified that he was unable to take care of himself i.e. he could not dress himself, cover himself with blankets or even bath himself. She would literally do everything for him.

JUNE 2018 — MARCH 9 OF 2019 AS CHRIST FOLLOWERS  
The family was introduced to our group of Christ Followers by a neighbour in June 2018. They brought the son who then was 15 years old. I noticed that he could not speak out clearly and would not participate in any church activity like singing, clapping or any such joyful expressions. He was very reserved and quiet, merely staring at people unaffected by what would be going on around him. He never made any effort to participate with the others of his age and younger in the congregation. Prayers were held regularly by the church appealing for God's mercies to transform him and bring relief to the parents.

Pastor Munyaradzi Chi'chewo proposed three days of fast and prayer exclusively for the Musengwa family at a place outside Chirhe town. The following Christ Followers accompanied the family for the 3-day fast and prayer on Friday 8 March 2019:

Beaven Tagarwa (reporter of story)

Kumbirai Tagarwa (my wife)

Munyaradzi Chi'chewo (pastor)

Selwe Siwela

(Church Administrator)

Kunaka ADMIRE

(Church member <sup>from</sup> Harare)

FRIDAY, EVENING:

The group held prayers whilst fasting at the following times focusing on God's mercies on the Musengwa family:

0800 Hrs

2100 "

0000 "

0300 "

0600 "

In between we would sleep on the floor and share any particular experiences after each prayer session. (~~Each one of us had~~) We realised that God was revealing messages through dreams and visions concerning the Musengwas, who also confirmed the revelations in their life time.

Saturday Miracle Experience:

We continued with the fasting and at 1000 Hrs we had a bible study session for two hours up to 1200 Hrs. The study focused on the AMOUR of God from the following Scriptures: Ephesians 6:11-17

Revelations 3:5

Genesis 3:7 and 21

At 1400 we began an afternoon prayer session separately at different (position) locations. The father took the son with him to pray after him. At 1500 we assembled to share divine experiences. The father stood up to testify what surprised him with the Son. He was able for the first time to repeat clearly and confidently a prayer:

Mwari baba

Ndenokutendai

Nkuendisunungwa zuva ranhase <sup>thoy</sup>

Coming to the son, he stood up much to the surprise of all. He addressed us:

"Don't it all joy in Jesus name"

There was a universal shout of joy and praising and singing by the group all in tears. We all declared this a miracle experience. After about an hour of this joyful singing and praising he was again given time to continue. He presented the prayer:

"Mwaribaba  
Ndinokutendai  
Nekundisunungura  
Zuva ranhasi."

This was <sup>an</sup> awesome and a wonderful experience for us all. We realised that God loves us and is still saying something to us. Our spiritual level has been raised to a very high level and are now believing Him, the Almighty for greater works ahead of us.

WEDNESDAY 13 MARCH 2019

I visited the family to check on them and to pray together to give glory to God our source of hope in life. Both parents could not contain themselves with the joy of the Lord. They each testified several changes in the son since Saturday the 9<sup>th</sup> miracle. He is able to ~~take~~ perform family duties <sup>on</sup> his own without <sup>help</sup> ~~instruct~~. More surprisingly I witnessed him <sup>recite</sup> Psalms 71 after his father and <sup>leading the</sup> singing of the hymn: Kumatenga  
Kumotaura  
Zvehutsvene,  
hwa mware . . .

I celebrated with them well believing God for a permanent miracle and restoration.

My message as the reporter of this miracle is that, I am not ashamed of my faith in Him, the creator of Heavens and Earth, the Father of my Lord Jesus Christ of Nazareth. Believe in Him for any miracle in your life. Read: 2 Chronicles 7: 14

John 3: 16

Jeremiah 29: 11
